

Kakadu & Top End

A combination of natural beauty and indigenous culture permeate this tour of the Top End. Bird watching on river cruises, bathing in escarpment rock pools and bushwalking - a magical mix of pursuits in the Northern Territory.

This tour sees us head into Kakadu NP. During our six night stay there we visit Gunlom, Jim Jim Falls, Twin Falls, Nourlangie Rock, Yellow Waters Lagoon, Ubirr Rock and Waterfall Creek.

From there we travel north into Arnhem Land to explore the Garig Gunak Barlu National Park on the tip of the Cobourg Peninsula. We visit the Victoria Settlement at Port Essington, which dates back to the 1830s and was once planned as a major port. The tour concludes in Darwin.
